Children's Appliqué Face Mask

Created by: Katy Mitchell, Janome Education

This is based on freesewing.org's Fu Face Mask Pattern, https:/freesewing.org/docs/patterns/fu/instructions

Janome Supplies Required:

- Any Janome sewing machine
- Satin Stitch foot F
- Blue Tip Needle

Fabric/Notions Required:

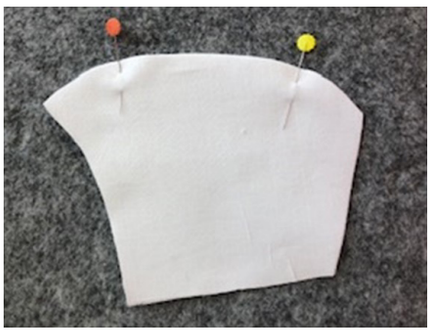
- Fat Quarter fabric for main fabric and lining
- Scraps of pink and white fabric for appliqué
- 5 feet of ribbon, cut into 4 equal parts
- Coordinating threads for sewing and appliqué
- Fusible webbing

Mask Cutting Directions:

1. Cut 2 from main fabric, with right sides together
2. Cut 2 from lining fabric, with right sides together

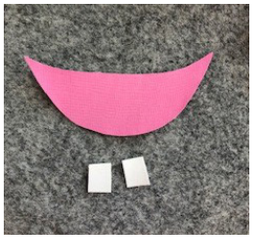
Sewing Directions:

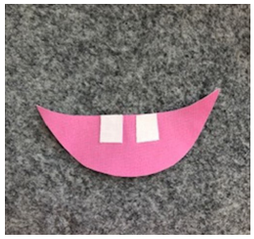
1. Sew in between the two straight pins (leaving the curves to sew after appliqué).



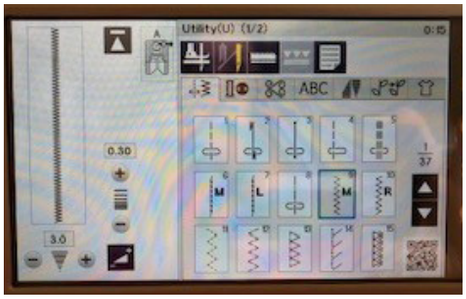
2. Press open, with seams to one side.

3. Depending on which style you choose, trace the pieces to be appliquéd onto the fusible web and follow manufacturers instructions.
4. Place the teeth into position and fuse down.





5. Select your Zig-zag stitch for the appliqué .
6. Set stitch width to 3.0.
7. Set stitch length to 0.30.

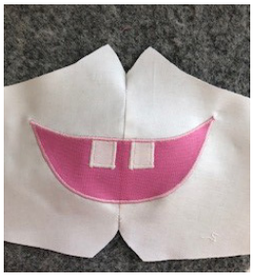


Children's Appliqué Face Mask

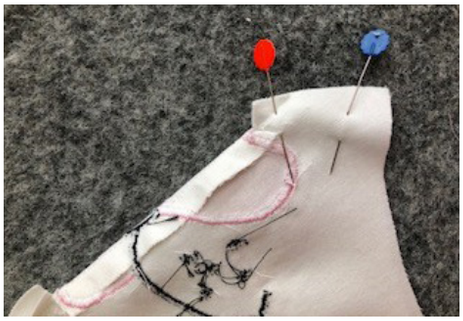
8. Sew/appliqué the teeth onto the smile fabric.

9. Place the smile onto the front of the mask and fuse into place.

10. With matching thread, sew the mouth onto the front of the mask.

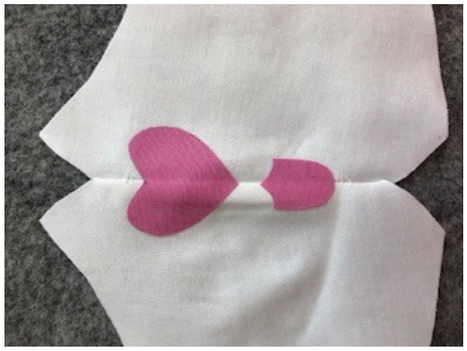


11. Fold the mask down the center with right sides together and finish sewing with a straight stitch the center seams.
12. You will have to clip the seam to make it easier for you to sew.



13. Finish sewing the mask according to Freesewing.org's instructions.
14. For the dog face appliqué trace the nose and tongue.

15. Fuse into position.



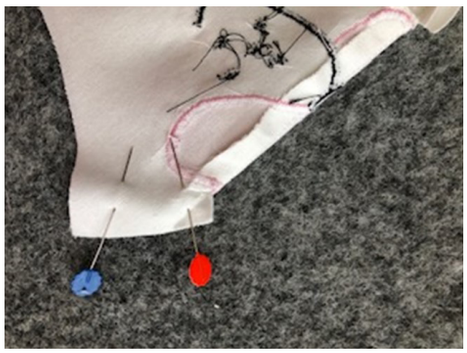
16. Stitch around the nose and tongue with your zig zag stitch using a matching thread.
17. Draw on the mouth to be stitched over.
18. With black thread, stitch over the mouth line, starting from the outer cheek toward the center.

Children's Appliqué Face Mask

19. Restart at the bottom of the nose and continue to the other cheek.

20. Finish the mouth by sewing each of the side smile accents.

21. Fold the mask down the center with right sides together and finish sewing with a straight stitch the center seams.
22. You will have to clip the seam to make it easier for you to sew.



23. Finish sewing the mask according to Freesewing.org's instructions.
