*Windows OS full exe installation:*
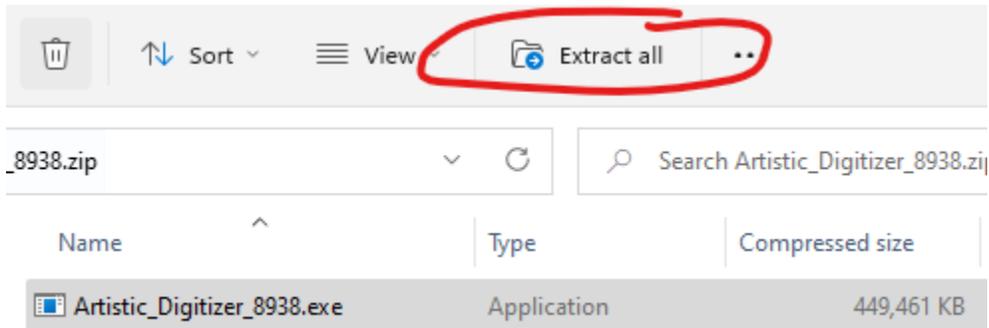

Once you click the **link at the bottom**, a window will open prompting you to save the file, once the file is saved, you will need to unzip the file.

Click once to highlight "Artistic_Digitizer_8938" then click "Extract all".

(Your PC may not display the file extension ".exe")

The extraction wizard will start. Make sure to click ☑ Show extracted files when complete , this will allow you to see the unzipped file. Once the wizard is finished, you can then double-click on 🔵 Artistic_Digitizer_8938.exe to start the installation.

When prompted, enter in the serial number and activation code <mark>**EXACTLY** the way you see it in your Artistic Digitizer Trial email</mark>, then click "**Activate**".

Your codes **may contain ZEROs** only, **but will not** contain the letter "O". **Do not** use spaces prior to entering the codes. <mark>**Do USE**</mark> dashes as you see them in your codes.

<mark>If you receive "**invalid code**" or "**Parameters incorrect**", this means you have entered in your code incorrectly, please try again.</mark>

You can then use your Artistic Digitizer by clicking on the icon on your desktop  .
