FRAYED

CUTTING INSTRUCTIONS

To begin your quilt, cut the following pieces of fabric:

- (20) 6.5" x 6.5" scrap fabrics
- (5) 7.5" x 7.5" scrap fabrics
- (5) 7.5" x 7.5" background
- (2) 2.5" x 36.5" strips background
- (2) 2.5" x 40.5" strips background

CUT HALF-SQUARE TRIANGLES

You will use your five 7.5" squares of background and your five 7.5" squares of scrap fabrics to make your half square triangles.

Take a 7.5" square of scrap fabric and one square of background and lay them right sides together. Draw a line diagonally with a light pencil or fabric marker on the back of your squares as shown in the diagram. Sew a line 1/4" from the line on either side.

7.5"
(wrong side)

Cut on your original drawn line and press open toward the darker fabric to create your half square triangles. You will need to trim your squares to 6.5" x 6.5" to finish. You will have 10 total half square triangles.

CREATING YOUR LAYOUT

On a design wall or on your clean floor, lay out your squares in the pattern shown in the diagram.

Sew your blocks into rows and then sew your rows together.

FINISHING YOUR QUILT TOP

Sew the 2.5" x 36.5" strips onto the left and right sides and then sew the 2.5" x 40.5" strips onto the top and bottom of the quilt top.

Quilt and Bind as desired!
