Artistic SimpleCut

Artistic SimpleCut™ lets you easily create your own personalized crafts and projects using Artistic® SimpleCut™ software. This unique program allows you to create your own designs for cutting a wide variety of materials, including cardstock, paper, rhinestone templates, stencils, iron-on vinyl, fabric, and more.

Features and capabilities include:
- Print and Cut – Easily cut out embroidery designs, graphics, and original drawings in full color using personal printers and digital cutters. Suitable for cardstock, paper or fabric.
- Includes 3,500 preloaded designs.
- Create simple embroidery and monograms with over 600 single-stitch styles.
- Autoborder – Single or multiple lines for designs, graphics and pull blades.
- Create automatic Appliqué for any shape.
- Artisan Auto Fit™ to expand the quick Crystal Embellishment.
- Fill convex shapes using a variation of the Manhattan fill style. Also creates single-stitch outlines.
- Individual dimensions placement for accuracy when adding to embroidery designs.
- Choose from a variety of transparency sizes and bonds.
- Tension – Create custom tensions for quilting, fabric painting and paper crafting using new bridge assignment feature.
- Compatible with most embroidery and vector formats.

Artistic Edge

The Digital Cutter for Crafters and Sewists.
The World of Crafting is Unlimited — so why let a Digital Cutter limit you!
The Artistic Edge offers an endless amount of options for every kind of crafter! The included Artistic SimpleCut software can do much more than just basic editing, it also allows you to create original designs from scratch. Use one of 3,500 included designs, import artwork that you have made, or create your own! Scrapbookers will love the ability to create custom shapes; quilters will love creating one-step applique and decorators will love the projects that you can create with the Edge.

Connectivity
The Edge 12 and Edge 15 can connect to a PC via USB. For desktop users, the Edge 15 offers Wireless connectivity to make sending designs to the Edge more convenient.

Cutting Mats
The Edge 12 and Edge 15 come standard with two adhesive cutting mats. The Low Tack mat is for cutting paper and vinyl; the High Tack mat is for cutting fabric and template flocking. The Edge 12 mats are 12” x 12” and the Edge 15 mats are 15” x 15”.

As optional accessories, the Edge 12 has a 12” x 24” in High Tack and the Edge 15 has a 15” x 30” in High Tack.

Print and Cut
Create collages, greeting cards and scrapbooks with the Print and Cut feature. Easily trace and cut out embroidery designs, graphics, and original drawings in full color using a personal printer and the Edge.

Included In The Box
Each Edge comes with 2 cutting mats (High and Low Tack, Fine Tuning Adjustable Blade Holder, 3 industrial strength cutting blades (Standard, Fabric, Thick Material), Pen Holder, USB Cable and Power Cable.
